Objective:

Enthusiastic Computer & Software Engineering student with a strong foundation in programming, creative problem-solving skills, and a detail-oriented approach. Actively seeking internship opportunities to apply my knowledge, contribute to impactful projects, and further develop my expertise in the field of technology.

Education:

Bachelor of Science in Computer Engineering - University of Balamand (UOB), Faculty of Engineering

2022 - Fall 2025

Relevant Courses: Microprocessors, Programmable Logic Controller, Cybersecurity, Computer Embedded Systems, Computer Architecture, Telecommunications, Electronics...

Academic Projects: Delivery System using Java and OOP principles to manage delivery for a company (CSIS215), Scientific Calculator using Matlab Language (ELEN202), Arithmetic Logic Unit - ALU that can perform some operations (ADD, SUB, STL...) using Quartus Prime (CPEN202), Temperature transducer by using OP-AMP to convert the output voltage using Multisim (ELEN303), GUI Math Game using Python Language (CPEN220), Parking Gate Controller using C Language in PIC18 (CPEN213), and GitHub profile.

Software Engineering Student at 42Beirut

2024 - 2026

Projects: push_swap, Fdf, minishell, cub3D, c++ modules, ft_transcendence.... (using C and C++ Languages)

Extracurricular Activities:

- Board member in Google developer Student Club (GDSC) & Interactive club - University of Balamand (Event organization, social media growth and management, coding sessions and technical skills)
- Member in Institute of Electrical and Electronics Engineers (IEEE) - University of Balamand
- Ambassador of Semicolon Academy - University of Balamand
- Projects solving, peer-to-peer learning, research and analysis, time management - 42Beirut
- Arduino-Robotics Training Program - Generation of Innovation Leaders (GIL) (Final project: smart box that opens by sensors and store notepad and much more)

2024

Certificates:

- IEEE Institute of Electrical and Electronics Engineers - Membership Certificate **2024**
- GDSC Google developer Student Club - Board Membership Certificate **2024**
- First Aid & CPR Course - Lebanese Red Cross Certificate **June 2024**
- 42Beirut Piscine Attendance Certificate **April 2024**
- Robotics Training program - GIL Certificate **2022**
- Full Stack Development Track - 1 Million Arab Coders Initiative Certificate **November 2019**
- Certificate of Completion: self-paced training course MATLAB Onramp-MathWorks **Mar 2023**

Languages:

Arabic: native

English: intermediate

French: intermediate

Technical Skills:

- | | | | |
|---------------------------|--------------------|--------------------|-------------|
| • Java | • SystemVerilog | • Microsoft Office | • MS Access |
| • C | • Unix | • Bash | • MariaDB |
| • C++ | • MatLAB | • Git | • Proteus |
| • Python | • Simulink | • Visual Studio | • AutoCAD |
| • Object-Oriented Program | • Quartus Prime | • Arduino | • Multism |
| • SQL | • MPLAB | • C (PIC18) | • NIOS-V |
| • Assembly (RISCV) | • Assembly (PIC18) | | |
